

Subject Index

Volume 116 (2001)

ACCESS TO CARE

- Two reports look at health insurance coverage of low-income women, 180 (News & Notes)
- Study finds mental health care needs unmet, especially for vulnerable populations, 182 (News & Notes)
- Is reimbursement for childhood immunizations adequate? evidence from two rural areas in Colorado, 219-25 (Research Article)
- Report from the Urban Institute on workers without health insurance, 377 (News & Notes)
- A message from the Editor, 385-6 (Editorial on health disparities)
- Racial disparities in health: taking it personally, 387-9 (Guest Editorial)
- You can't leap a chasm in two jumps: the Institute of Medicine health care quality report, 396-403 (Viewpoint)
- Racial residential segregation: a fundamental cause of racial disparities in health, 404-16 (Viewpoint)
- Health disparities and the US health care system, 417-18 (Commentary)
- Institute of Medicine releases report on uninsurance, 495-6 (News & Notes)
- Reconsidering health disparities, 505-14 (Introduction to special-focus Research Linkages issue)
- A community-based collaboration to assess and improve medical insurance status and access to health care of Latino children, 575-84 (Research Article)
- "Hospital's full-up": the 1918 influenza pandemic, Suppl 2:32-3
- Treating the sick: capacity of the US health care system to respond to an epidemic, Suppl 2:34-5

ADOLESCENTS

- See also CHILDREN
- Measuring community bicycle helmet use among children, 113-21 (Feature Article)
- Cost-effectiveness of preimmunization hepatitis B screening in high-risk adolescents, 165-8 (Research Article)
- Adolescent initiation of injection drug use, 280 (Letter in response to Fuller et al., Suppl 1:136-45, with response by Fuller, 280-1)
- Mental health and illness in Boston's children and adolescents: one city's experience and its implications for mental health policy makers, 317-26 (Practice Article)
- Report cites effects of welfare reform on adolescents, 377 (News & Notes)
- Behavioral interventions for the control of tuberculosis among adolescents, 568-74 (Research Article)

- How young people use the Internet for health information, 627 (News & Notes)
- Safer Choices*: reducing teen pregnancy, HIV, and STDs, Suppl 1:82-93
- Factors associated with adolescent initiation of injection drug use, Suppl 1:136-45; see also letter and response, 280-1
- Pregnancy feelings among adolescents awaiting pregnancy test results, Suppl 1:180-93
- Teens' images of smoking and smokers, Suppl 1:194-202
- Cigarette smoking and adolescents: messages they see and hear, Suppl 1:203-15
- A venue-based method for sampling hard-to-reach populations, Suppl 1:216-22

ADVERTISING

- Collaborative research and action to control the geographic placement of outdoor advertising of alcohol and tobacco products in Chicago, 558-67 (Practice Article)
- Cigarette smoking and adolescents: messages they see and hear, Suppl 1:203-15

AFRICAN AMERICANS

- Improving knowledge of the prostate cancer screening dilemma among African American men: an academic-community partnership in Washington, DC, 590-8 (Research Article)
- Project Joy: faith based cardiovascular health promotion for African American women, Suppl 1:68-81

AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY (ATSDR)

- ATSDR fact sheets on hazardous substances, 271 (News & Notes)

AGING

- Profile of arthritis disability, Suppl 1:157-79

AGRICULTURE

- Costs of occupational injuries in agriculture, 235-48 (Research Article)

AIR POLLUTION

- Evaluating the health significance of hazardous air pollutants using monitoring data, 32-44 (Research Article)
- Hazardous air pollutants: inside and out, 58-60 (Commentary)
- Air quality measures and public health policy, 61-3 (Commentary)

ALASKA NATIVES

- Differences in asthma prevalence between samples of American Indian and Alaska Native children, 51-7 (Research Article)

ALCOHOL ABUSE

- See also SUBSTANCE ABUSE
- Collaborative research and action to control the geographic placement of outdoor advertising of alcohol and tobacco products in Chicago, 558-67 (Practice Article)

AMERICAN INDIANS

- Patients with diagnosed diabetes mellitus can be accurately identified in an Indian Health Service patient registration database, 45-50 (Research Article)
- Differences in asthma prevalence between samples of American Indian and Alaska Native children, 51-7 (Research Article)
- An innovative path to improving cancer care in Indian country, 424-33 (Practice Article)

ARTHRITIS

- Profile of arthritis disability, Suppl 1:157-79

ASTHMA

- Differences in asthma prevalence between samples of American Indian and Alaska Native children, 51-7 (Research Article)
- Asthma and smoking status in a population-based study of California adults, 148-57 (Research Article)
- Collaboration among community members, local health service providers, and researchers in an Urban Research Center in Harlem, New York, 530-9 (Practice Article)

AUSTRALIA

- Olympics 2000: preparing to respond to bioterrorism, Suppl 2:19-22

BIOTERRORISM

- Precautions against bioterrorism directed at food and water supplies, 3-14 (Feature Article)
- Welcome and symposium introduction, Suppl 2:1 (Introduction to Bioterrorism supplement)
- Confronting a world of infectious diseases, Suppl 2:2-4
- Biological weapons as a strategic threat, Suppl 2:5-8
- CDC's strategic plan for bioterrorism preparedness and response, Suppl 2:9-16
- Reducing the bioweapons threat: international collaboration efforts, Suppl 2:17-18
- Olympics 2000: preparing to respond to bioterrorism, Suppl 2:19-22
- International cooperation to prevent biological weapons research and development, Suppl 2:23-6
- Hospital preparedness for bioterrorism, Suppl 2:36-9

Mobilizing professional communities, Suppl 2:40-4
 International leadership in the control of biological weapons, Suppl 2:53-8
 Challenges confronting public health agencies, Suppl 2:59-63
 Observations from the Top Off exercise, Suppl 2:64-8
 Understanding public response to disasters, Suppl 2:69-73
 How to vaccinate 30,000 people in three days: realities of outbreak management, Suppl 2:74-8
 Legal issues surrounding public health emergencies, Suppl 2:79-86
 Epidemic response scenario: decision making in a time of plague, Suppl 2:92-103
 Envisioning worldwide disarmament, Suppl 2:104-7
 The problem of biological weapons: next steps for the nation, Suppl 2:108-11
 National leadership in confronting bioterrorism: 1, Suppl 2:112-15
 National leadership in confronting bioterrorism: 2, Suppl 2:116-18

BIRTH DEFECTS

The National Birth Defects Prevention Study, Suppl 1:32-40
 Assisting states in assessing newborn screening options, 169-72 (Commentary)
 Maternal smoking and birth defects: validity of birth certificate data for effect estimation, 327-35 (Research Article)

BOOK REVIEWS

Review of Kessler, *A Question of Intent: A Great American Battle with a Deadly Industry*, 64-6 (Book Review)
 Review of O'Brien, *Making Better Environmental Decisions*, 66-8 (Book Review)
 Review of Berkman and Kawachi, eds., *Social Epidemiology*, 173-5 (Book Review)
 Review of Callahan, ed., *Promoting Healthy Behavior: How Much Freedom? Whose Responsibility?* 176-8 (Book Review)
 Review of Helman, *Culture, Health and Illness: An Introduction for Health Professionals*, 4th edition, 369-70 (Book Review)

CANCER

An innovative path to improving cancer care in Indian country, 424-33 (Practice Article)
 Improving knowledge of the prostate cancer screening dilemma among African American men: an academic-community partnership in Washington, DC, 590-8 (Research Article)
 Low-income minority women at risk for cervical cancer: a process to improve adherence to follow-up recommendation, 608-16 (Research Article)

CARDIOVASCULAR DISEASE

Atlas of geographic and racial/ethnic disparities in heart disease death rates for US men, 270 (News & Notes)
 Project Joy: faith based cardiovascular health promotion for African American women, Suppl 1:68-81

CDC PREVENTION RESEARCH PARTNERSHIPS

Introduction (to CDC Prevention Research Partnerships supplement), Suppl 1:3
 The meaning and value of prevention research, Suppl 1:4-9
 Extramural prevention research at the Centers for Disease Control and Prevention, Suppl 1:10-19
 Partnerships and coalitions for community-based research, Suppl 1:20-31
 The National Birth Defects Prevention Study, Suppl 1:32-40
 The Prevention Research Initiative and the peer review process at CDC, Suppl 1:254-6

CENSUS BUREAU

Census Bureau reports that nearly 1 in 5 Americans has some level of disability, 181-2 (News & Notes)
 Census Bureau releases data from welfare reform survey, 496 (News & Notes)
 Census Bureau releases data on people who chose more than one race, 626-7 (News & Notes)

CENTERS FOR DISEASE CONTROL AND PREVENTION (CDC)

See also CDC PREVENTION RESEARCH PARTNERSHIPS
 Atlas of geographic and racial/ethnic disparities in heart disease death rates for US men, 270 (News & Notes)
 Code of ethics for public health, 270-1 (News & Notes)
 An evaluation of congenital malformations surveillance in New York State: an application of Centers for Disease Control and Prevention (CDC) guidelines for evaluating surveillance systems, 296-305 (Practice Article)
 Reconsidering health disparities, 505-14 (Introduction to special-focus Research Linkages issue)
 A collaborative effort to enhance HIV/STI screening in five county jails, 520-9 (Practice Article)
 Syphilis rates decline, 627 (News & Notes)
 CDC's strategic plan for bioterrorism preparedness and response, Suppl 2:9-16

CHILDREN

See also ADOLESCENTS; BIRTH DEFECTS
 Comparative accuracy of clinical estimate versus menstrual gestational age in computerized birth certificates, 15-21 (Research Article)
 Differences in asthma prevalence between

samples of American Indian and Alaska Native children, 51-7 (Research Article)
 DHHS *Blueprint for Action on Breastfeeding*, 72-3 (Surgeon General; see also letter, 112)
 The Surgeon General's *Blueprint for Action on Breastfeeding*, 112 (Letter in response to Satcher, 72-3)
 Measuring community bicycle helmet use among children, 113-21 (Feature Article)
 A public health response to emerging technology: expansion of the Massachusetts Newborn Screening Program, 122-31 (Practice Article)
 Is reimbursement for childhood immunizations adequate? evidence from two rural areas in Colorado, 219-25 (Research Article)
 Parental attitudes toward multiple poliovirus injections following a provider recommendation, 282-8 (Feature Article)
 WHO: tobacco an obstacle to children's rights, 271 (News & Notes)
 Religious and philosophical exemptions from vaccination requirements and lessons learned from conscientious objectors from conscription, 289-95 (Practice Article)
 An evaluation of congenital malformations surveillance in New York State: an application of Centers for Disease Control and Prevention (CDC) guidelines for evaluating surveillance systems, 296-305 (Practice Article)
 Mental health and illness in Boston's children and adolescents: one city's experience and its implications for mental health policy makers, 317-26 (Practice Article)
 Protection from sun exposure in US white children ages 6 months to 11 years, 353-61 (Research Article)
 Diphtheria and hearing loss, 362-8 (Research Article)
 Measuring socioeconomic status/position in studies of racial/ethnic disparities: maternal and infant health, 449-63 (Research Article)
 UNICEF report on state of the world's children 2002, 495 (News & Notes)
 A community-based collaboration to assess and improve medical insurance status and access to health care of Latino children, 575-84 (Research Article)
 A collaborative program between a school of public health and a local health department to increase HIV testing of pregnant women, 585-9 (Research Article)
 Addressing children's oral health inequalities in Northern Ireland: a research-practice-community partnership initiative, 617-25 (Research Article)
CLINICAL TRIALS
 The Tuberculosis Trials Consortium: a model for clinical trials collaborations, Suppl 1:41-9

COMMUNITY HEALTH WORKERS

Trust and collaboration in the prevention of sexually transmitted diseases, 540-7 (Practice Article)

The East Side Village Health Worker Partnership: integrating research with action to reduce health disparities, 548-57 (Practice Article)

COUNCIL ON LINKAGES BETWEEN ACADEMIC AND PUBLIC HEALTH PRACTICE

Core public health competencies, 179 (News & Notes)

CRIMINAL JUSTICE SYSTEM

Women behind bars: health needs of inmates in a county jail, 191-6 (Feature Article)

Hepatitis B vaccination practices in state and federal prisons, 203-9 (Research Article)

Tuberculosis screening in the federal prison system: an opportunity to treat and prevent tuberculosis in foreign-born populations, 210-18 (Research Article)

A collaborative effort to enhance HIV/STI screening in five county jails, 520-9 (Practice Article)

CULTURAL COMPETENCE

See also RACE/ETHNICITY

Web resource on culturally appropriate care, 272 (News & Notes)

Review of Helman, *Culture, Health and Illness: An Introduction for Health Professionals, 4th edition*, 369-70 (Book Review)

DATABASES

Comparative accuracy of clinical estimate versus menstrual gestational age in computerized birth certificates, 15-21 (Research Article)

Patients with diagnosed diabetes mellitus can be accurately identified in an Indian Health Service patient registration database, 45-50 (Research Article)

Assessing population health information through interactive systems: lessons learned and future directions, 132-47 (Practice Article)

Disease reporting from an automated laboratory-based reporting system to a state health department via local county health departments, 257-65 (Research Article)

Maternal smoking and birth defects: validity of birth certificate data for effect estimation, 327-35 (Research Article)

DEAFNESS

Diphtheria and hearing loss, 362-8 (Research Article)

DIABETES

Patients with diagnosed diabetes mellitus can be accurately identified in an Indian Health Service patient registration database, 45-50 (Research Article)

DIPHTHERIA

Diphtheria and hearing loss, 362-8 (Research Article)

DISABILITY

Profile of arthritis disability, Suppl 1:157-79

Census Bureau reports that nearly 1 in 5 Americans has some level of disability, 181-2 (News & Notes)

New guidelines for measuring health status, 626 (News & Notes)

DISASTER RESPONSE

CDC's strategic plan for bioterrorism preparedness and response, Suppl 2:9-16

"Hospital's full-up": the 1918 influenza pandemic, Suppl 2:32-3

Treating the sick: capacity of the US health care system to respond to an epidemic, Suppl 2:34-5

Hospital preparedness for bioterrorism, Suppl 2:36-9

Mobilizing professional communities, Suppl 2:40-4

Institutional networks: regional response to disaster, Suppl 2:45-8

National Disaster Medical System, Suppl 2:49-52

Challenges confronting public health agencies, Suppl 2:59-63

Observations from the Top Off exercise, Suppl 2:64-8

Understanding public response to disasters, Suppl 2:69-73

Legal issues surrounding public health emergencies, Suppl 2:79-86

Understanding media's response to epidemics, Suppl 2:87-91

Epidemic response scenario: decision making in a time of plague, Suppl 2:92-103

DISPARITIES: see HEALTH DISPARITIES**DRUG USE**

See also SUBSTANCE ABUSE

Women behind bars: health needs of inmates in a county jail, 191-6 (Feature Article)

Racial/ethnic disparities in the HIV and substance abuse epidemics: communities responding to the need, 434-48 (Practice Article)

Factors associated with adolescent initiation of injection drug use, Suppl 1:136-45 (CDC Prevention Research Supplement; see also letter and response, 280-1)

Adolescent initiation of injection drug use, 280 (Letter in response to Fuller et al., Suppl 1:136-45, with response by Fuller, 280-1)

ENVIRONMENTAL HEALTH

Evaluating the health significance of hazardous air pollutants using monitoring data, 32-44 (Research Article)

Hazardous air pollutants: inside and out, 58-60 (Commentary)

Air quality measures and public health policy, 61-3 (Commentary)

Review of O'Brien, *Making Better Environmental Decisions*, 66-8 (Book Review)

Effect of climate change on human health: report says more research needed, 179-80 (News & Notes)

ATSDR fact sheets on hazardous substances, 271 (News & Notes)

Hazardous sites mapped on the Web, 271 (News & Notes)

Chemical safety documents on Web, 271-2 (News & Notes)

EPIDEMIOLOGY

Review of Berkman and Kawachi, eds., *Social Epidemiology*, 173-5 (Book Review)

ETHICS

Review of Callahan, ed., *Promoting Healthy Behavior: How Much Freedom? Whose Responsibility?* 176-8 (Book Review)

Code of ethics for public health, 270-1 (News & Notes)

New journal standards published, 495 (News & Notes)

ETHNICITY: see RACE/ETHNICITY**FIREARMS**

The case against the gun industry, 2 (Letter)

FITNESS

Physical activity and public health: training courses for researchers and practitioners, 197-202 (Practice Article)

Graduating medical students' exercise prescription competence as perceived by deans and directors of medical education in the United States: implications for Healthy People 2010, 226-34 (Research Article)

Getting Americans off the couch: linking researchers and public health practitioners, 266-7 (Commentary)

Project Joy: faith based cardiovascular health promotion for African American women, Suppl 1:68-81

FOOD AND DRUG ADMINISTRATION (FDA)

Review of Kessler, *A Question of Intent: A Great American Battle with a Deadly Industry*, 64-6 (Book Review)

FOODBORNE ILLNESSES

The case against the gun industry, 2 (Letter)

Precautions against bioterrorism directed at food and water supplies, 3-14 (Feature Article)

GENETICS

The role of state public health agencies in genetics and disease prevention: results of a national survey, 22-31 (Research Article)

- Assisting states in assessing newborn screening options, 169-72 (Commentary)
- The National Birth Defects Prevention Study, Suppl 1:32-40
- GUNS: see FIREARMS**
- HEALTH CARE SYSTEM**
See also ACCESS TO CARE; MANAGED CARE
- IOM says US health care delivery system needs major overhaul to improve quality and safety, 180-1 (News & Notes)
- Have we learned anything after 20 years of AIDS? call for a National Health Board, 390-5 (Viewpoint)
- You can't leap a chasm in two jumps: the Institute of Medicine health care quality report, 396-403 (Viewpoint)
- Health disparities and the US health care system, 417-18 (Commentary)
- The ostrich, the albatross, and public health: an ecosocial perspective—or why an explicit focus on health consequences of discrimination and deprivation is vital for good science and public health practice, 419-23 (Commentary)
- Reconsidering health disparities, 505-14 (Introduction to special-focus Research Linkages issue)
- A call to action, 515-16 (Viewpoint)
- Reducing health disparities through community-based research, 517-19 (Commentary)
- The contributions of managed care plans to public health practice: evidence from the nation's largest local health departments, Suppl 1:50-67
- "Hospital's full-up": the 1918 influenza pandemic, Suppl 2:32-3
- Treating the sick: capacity of the US health care system to respond to an epidemic, Suppl 2:34-5
- Hospital preparedness for bioterrorism, Suppl 2:36-9
- Institutional networks: regional response to disaster, Suppl 2:45-8
- Epidemic response scenario: decision making in a time of plague, Suppl 2:92-103
- The problem of biological weapons: next steps for the nation, Suppl 2:108-11
- National leadership in confronting bioterrorism: 1, Suppl 2:112-15
- National leadership in confronting bioterrorism: 2, Suppl 2:116-18
- HEALTH DISPARITIES**
Census Bureau reports that nearly 1 in 5 Americans has some level of disability, 181-2 (News & Notes)
- Study finds mental health care needs unmet, especially for vulnerable populations, 182 (News & Notes)
- Atlas of geographic and racial/ethnic disparities in heart disease death rates for US men, 270 (News & Notes)
- Report shows death rates higher for blue collar workers, 271 (News & Notes)
- U.S. Surgeon General releases report on Mental Health: Culture, Race, and Ethnicity, 376 (News & Notes)
- Study shows hardships for working families, 378 (News & Notes)
- A message from the Editor, 385-6 (Editorial on health disparities)
- Racial disparities in health: taking it personally, 387-9 (Guest Editorial)
- Racial residential segregation: a fundamental cause of racial disparities in health, 404-16 (Viewpoint)
- Health disparities and the US health care system, 417-18 (Commentary)
- The ostrich, the albatross, and public health: an ecosocial perspective—or why an explicit focus on health consequences of discrimination and deprivation is vital for good science and public health practice, 419-23 (Commentary)
